Guestbook

Charley and my father, Roy, worked and went hunting together when I was a kid. Fortunately for me, I was allowed to go with them. Even though it was work for them, Charley made it fun for me.

I worked with Charley on the Cortez Pipeline in the late 1980's. I was just an occasional visitor since I was based in Midland, TX, but I recall with great fondness his quiet yet deeply knowledgeable presence on the Cortez team. He will be missed by all of his past co-workers at Shell Pipeline Company. Rest in peace, Charley-

I first met Charley in 1983 as we both came to work on the Cortez CO2 pipeline. Charley was in on the construction, filling of the line and operations. Charley was very good at his job and we often said he was "the best of the best". He is going to be missed by all his Shell friends and others as well.
